

Vacancy Educational Management Team 3 member (BMS and MMD)

For the Educational Management Team (OMT) BMS and MMD (OMT-3), a vacancy for a representative of the molecular domain is available for the period September 2023 – September 2026. We invite applications for this position.

As a member of the OMT-3 (composed of BMS and MMD programme directors, three representatives of the research institute, three BMS students and one MMD student), you devise and implement (educational) strategies in the master's programmes BMS and MMD. Moreover, you will be involved in the evaluation of the BMS and MMD courses and the master's programme as a whole. To do so, you prepare and attend the weekly OMT meetings and take responsibility for executing and implementing the decisions made in these meetings. Therefore, a representative is preferably also course coordinator of one of the MMD and/or BMS courses. You should also have an overview of the complete master's programmes and are actively involved in various aspects of the programmes.

The position is financially compensated based on the Onderwijsmiddelenverdeelmodel (0.2 fte)

Requirements candidate:

- Radboudumc scientist expecting to be employed for the period of the appointment
- Course coordinator of one of the MMD and/or BMS master courses, or actively involved in both MMD and BMS courses
- Well embedded within the research institute and able to connect the Educational Management Team and the research institute
- Genuine interest and thorough experience in education
- No parallel appointment in Programme Committee or Board of Examiners (of BMS and/or MMD), or willing to terminate said appointment
- Radboudumc University Teaching Qualification (UTQ/BKO), willing to obtain a Senior University Teaching Qualification (SUTQ/UKO)
- Fluent in English

How to apply:

- Written applications including a Curriculum Vitae and a list of educational experiences (educational CV) should be sent to onderwijsmanagementteam3bmw-mmd.rha@radboudumc.nl before 1 March 2023.

More information:

For more information, please contact the secretary of the OMT-3 (dr. Annemarie Post for MMD and dr. David Drijkoningen for BMS) or one of the programme directors (prof. dr. Roland Brock for MMD and prof. dr. Frans Russel for BMS).
