

Seminar

Epigenetic and transcriptional regulation meeting

When & where

Wednesday 12 June 2019
15:00 – 18:00 hrs
(incl. drinks and snacks)
Tuinzaal, route 706

Organizing comité

Joop Jansen, Francesca Tiso,
Cristina Graham Martínez,
Simone Kersten & Maaike van
Bergen

Registration

Not required

Speakers

Jo Zhou, Dept. of Molecular Biology and Human Genetics

Single-cell RNA-seq identifies a reversible mesodermal activation in abnormally specified epithelia of p63 EEC syndrome

Geert Kops, Hubrecht institute for Developmental Biology and Stem Cell Research

Make no mistake: the impact of chromosomal instability on cancer development and evolution

The epigenetic and transcriptional regulation meeting is organized as part of the theme Cancer development and immune defense.
