

RIMLS BEST MASTER THESIS

The Master's thesis is a proof of the ability of a Master's student to perform scientific research and to present his/her findings in a clear and concise manner. Yearly RIMLS gives an award to the most outstanding Master's dissertation.

Award: Max 250 Euros

Next award date: New Years Drink, 12 January 2021

Application procedure

- Nominations should be sent to rims.info@radboudumc.nl at the latest **1 December 2020**.
- Nominations must be accompanied with a motivation letter including (a digital) copy of the report.

Selection procedure

- A RIMLS jury will be responsible for awarding the best master thesis.
- MSc awarded between 1-1-2020 and 31-12-2020.
- Conciseness and clarity of research question(s), results, conclusions and future perspectives.
- RIMLS affiliation *must* mentioned in thesis.
- Additional considerations:
 - Contribution to new knowledge/theory and/or change in practice after the appearance of the thesis, i.e. revolutionary aspect.
 - Multidisciplinary nature of the thesis, i.e. broadness of application.
 - Impact for scientific community.
 - Societal impact.
 - Expected long-term impact (>5 years).
 - Related patent(s).
