

Meet the Expert

Biological pathways and networks

Peter-Bram 't Hoen, Sander Bervoets (RTC Bioinformatics), Friederike Ehrhart, Lauren Dupuis (Maastricht University)

When & where

Tuesday 25 May
14:00 – 16:00 hrs
Online meeting

Registration required via
www.rimls.nl/agenda

About

This workshop targets biomedical researchers who would like to interpret their –omics data in the context of biological pathways and networks. The workshop will introduce some statistical methodologies and the WikiPathways database. This is followed by hands-on training on how to draw pathways and how to analyze pathways using Cytoscape plugins.
