Hora est & - PhD module

- *Hora est* is a software system used by the Radboud University and the Radboudumc to register all PhD candidates and generate the necessary digital correspondence for thesis submission and graduation.
- *Hora est-PhD*, part of the *Hora est* system, enables monitoring of the progress of individual PhD candidates from registration to graduation.
- Via this *Hora est-PhD* module PhD candidates can upload their Training and Supervision Plan (TSP) for evaluation by their supervisors and subsequently the Graduate School.

Benefits of the new *Hora est-PhD* system for supervisors:

- Platform to monitor research and training progress of your PhD candidates.
- Overview of your PhD candidates and their evaluation moments.
- Digital approval (signature) and archiving of TSPs.
- TSPs easily accessible 24-7 via a secure digital environment.
- Login using your current Z/U-number and password.

Step 1a: log in with your U/Z-number
