

Mini symposium

Imaging Cancer: from molecule to man

When & where

Monday 29 November 2021
13:30 – 16:30 hrs
Online (link sent when registered)

Hosts

Annemiek van Spriel
Jeanette Pots
Koen van den Dries
Mark Rijpkema
Alessandra Cambi

Registration required

Tonny.Tax@radboudumc.nl

Program

13:30 - 14:10
14:10 - 14:50
14:50 – 15:10
15:10 - 15:50
15:50 - 16:30

Lukas Kapitein (Utrecht University)
Mapping cellular organization using Expansion Microscopy.

Colinda Scheele (VIB-KU Leuven)
Multi-dimensional imaging of stem cell dynamics and tumor initiation in the breast.

Break

Sanne van Lith (Radboudumc, Nijmegen)
Tumors in the spotlight: multimodal imaging and photodynamic therapy in cancer treatment.

Sandra Heskamp (Radboudumc, Nijmegen)
Nuclear imaging in immuno-oncology.
