

Meet the Expert

FAIR research data management

Mirjam Brullemans-Spansier RTC- Data Stewardship

When & where

Tuesday 7 July 2020

13.00-15.00 hrs.

Virtual meeting

About:

Have you heard about FAIR datamanagement? Does your funder ask you questions about “FAIRness” of your data? Would you like to get tips on preparing your dataset while complying to the FAIR principles?

Registration required via
www.rimls.nl/agenda

In this “Meet the Expert” session we will get you familiar with the FAIR – Findable, Accessible, Interoperable, and Reusable- principles for Research Data Management and how to bring these principles into practice. You will learn about metadata, documentation, data repositories, standards, ontologies and other aspects of FAIR.

**Future data 2020
will be announced
soon on our RIMLS
website**
